Which doctors, hospitals and pharmacies can I use?
We have a network of doctors, hospitals, pharmacies, and other providers. Except in an emergency, you must use network providers and pharmacies. If you use providers that are not in our network, the plan may not pay for these services. You can see our plan’s provider and pharmacy directory at our website www.chooseultimate.com. Or, call us and we will send you a copy of the Provider and Pharmacy directory. The pharmacy network and/or provider network may change at any time. You will receive notice when necessary.

We cover everything that Original Medicare covers — and more!
Our plan members get all of the benefits covered by Original Medicare (like doctor visits, hospital stays and medical equipment) as well as extra benefits that Original Medicare doesn’t cover (like SilverSneakers® Fitness program). Some of the extra benefits are outlined in this booklet.

We also cover Part D drugs and Over-the-Counter (OTC) Medicines and Supplies. To find out what drugs we cover, you can see the complete plan drug list (our formulary) and any restrictions on our website, www.chooseultimate.com. Or, call us and we will send you a copy of the drug list.

This booklet gives you a summary of what we cover and what you pay. It doesn’t list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, visit our website at www.chooseultimate.com or call us and ask for the “Evidence of Coverage.”

### What you should know

Our plan covers up to 190 days in a lifetime for inpatient mental health care in a psychiatric hospital. The inpatient hospital care limit does not apply to inpatient mental services provided in a general hospital. Our plan covers 90 days for inpatient hospital stay.

Our plan also covers 60 “lifetime reserve days.” These are “extra” days that we cover. If your hospital stay is longer than 90 days, you can use these extra days. But once you have used up these extra 60 days, your inpatient hospital coverage will be limited to 90 days.

Except in an emergency, your doctor must tell the plan that you are going to be admitted to the hospital. A referral or prior authorization is required for some services. Please contact the plan for more information.

The copays for hospital benefits are based on benefit periods. A benefit period begins the day you’re admitted as an inpatient and ends when you haven’t received any inpatient care for 60 days in a row. If you go into a hospital after one benefit period has ended, a new benefit period begins. There’s no limit to the number of benefit periods.

Our plan covers up to 100 days in a SNF.

The copays for skilled nursing facility (SNF) benefits are based on benefit periods. A benefit period begins the day you’re admitted as an inpatient and ends when you haven’t received any skilled care in a SNF for 60 days in a row. If you go into a SNF after one benefit period has ended, a new benefit period begins. There’s no limit to the number of benefit periods. A referral or prior authorization is required for some services. Please contact the plan for more information.

### What you should know

What you pay for a drug depends on which “drug payment stage” you are in when you get the drug. Because these plans do not have a deductible, you begin in the Initial Coverage stage.

Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches $3,820. Not everyone will enter the coverage gap.

If you enter the coverage gap, our plans continue to cover drugs in Tier 1 Preferred Generic and Tier 2 Generic. For drugs in Tiers 1 and 2 you pay the copay amounts shown above or 37% of the plan’s cost, whichever is less.
### Ultimate Premier Plus and Acclaim Plus

**Retail Pharmacy**
Your cost for a one-month supply filled at a network retail pharmacy:

**Tier 1: Preferred Generic**
- You pay: $0 per prescription

**Tier 2: Generic**
- You pay: $8 per prescription

**Tier 3: Preferred Brand**
- You pay: $25 per prescription

**Tier 4: Non-Preferred Drug**
- You pay: $50 per prescription

**Tier 5: Specialty Tier**
- You pay: 33% of the cost

**Mail Order Pharmacy**
Your cost for a 90-day supply filled at a network mail order pharmacy:

**Tier 1: Preferred Generic**
- You pay: $0 per prescription

**Tier 2: Generic**
- You pay: $16 per prescription

**Tier 3: Preferred Brand**
- You pay: $50 per prescription

**Tier 4: Non-Preferred Drug**
- You pay: $100 per prescription

**Tier 5: Specialty Tier**
- You pay: 33% of the cost

For covered brand name drugs you pay 25% of the price (plus a portion of the dispensing fee) while in the coverage gap. You stay in the coverage gap stage until your costs total $5,100, which is the end of the coverage gap and the beginning of the catastrophic coverage stage, during which the plan pays most of the cost for your drugs.

Cost-Sharing may change depending on the pharmacy you choose (i.e. network, out of network, mail order, LTC, home infusion, etc.), the days supply (i.e. 30 days or 90 days) and when you enter another stage of the Part D benefit. If you reside in a long-term care facility and use a Long Term Care (LTC) pharmacy, you pay the same as at a retail pharmacy.

You may get drugs from an out-of-network pharmacy, but may pay more than you pay at an in-network pharmacy. For more information on the additional pharmacy-specific cost-sharing and the stages of the benefit, please call us or access our Evidence of Coverage online.
your prescription drug benefit

Determining your drug costs
Our plan groups each medication into one of five “tiers.” You will need to use our plan’s drug list (also called the formulary) to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug’s tier and what stage of the benefit you have reached (see the table on page 15). To find out what drugs we cover, you can see our complete drug list and any restrictions or limitations on our website, www.chooseultimate.com. Or, call us and we will send you a copy of the drug list. The Formulary may change at any time. You will receive notice when necessary.

Our cost-sharing tiers are:
- Tier 1: Preferred Generic
- Tier 2: Generic
- Tier 3: Preferred Brand
- Tier 4: Non-Preferred Drug
- Tier 5: Specialty

Save even more with mail order
You can save more by using Ultimate Health Plans’ Mail Order Pharmacy Service!
You’ll receive a three month supply of medication delivered straight to your door and pay the same copay that you would normally pay for a two month supply at your local pharmacy.

There are two ways to find your drug within the plan’s drug list:

Medical Condition
We group the drugs on our drug list into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the drug list. Then look under the category name for your drug.

Alphabetical Listing
If you are not sure what category to look under, you should look for your drug in the Index included at the back of the drug list. The Index provides an alphabetical list of all the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at 1-855-858-7526 (TTY users call 711).

Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor. Visit www.chooseultimate.com or call 1-855-858-7526 (TTY users call 711) to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2020.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
Good health is where you live.
